

# When your family is complete, ask about Essure®

And stop worrying about unplanned pregnancy.

- No cutting or going under general anesthesia
- No slowing down to recover
- No hormones
- Peace of mind—your doctor can confirm when you can rely on Essure for permanent birth control
- Short procedure time—takes about 10 minutes\* to perform
- Trusted by women and doctors since 2002

Start enjoying the  
next stage of your life  
and never think about  
birth control again.

YOUR FAMILY IS COMPLETE.  
YOUR CHOICE IS CLEAR.™

The Essure procedure may not be suitable for all women and there are risks. The procedure is not reversible, and you must use another form of birth control for at least three months after the procedure. Risks may include cramping/pain, nausea/vomiting, dizziness/light-headedness, bleeding/spotting. Visit [www.essure.com](http://www.essure.com) for a complete list of risks and considerations.
